

16 File For 10 School, Trustee Positions

6 Candidates In GC;
Incumbents In Madison,
Venice Are Unopposed

School board and school trustee filing came to a close in the Quad-Cities Saturday, with 16 candidates in the race for 10 offices to be filled in April 8 elections. The withdrawal deadline is Wednesday.

No contests developed for Madison and Venice school boards or the Venice township school trustee post, but there are seeking two Granite City school board positions and there is a three-way school trustee race in the former Nameki township area, where the trustee board names the treasurer for Granite City school district funds.

In both townships, the trustees with expiring terms will not be candidates for re-election. President George Hughes, Nameki township, did not file, nor did Matthew W. Sarich, who will be replaced in Venice township by Elmer F. Smith, 1601 Eliza, both street, Madison.

Those seeking Hughes' trustee position are Arthur Roman, Rural Route One, who filed at the start of the filing period, and two new candidates, Walter J. Francis, 2704 State street, and John C. Lakin, 3032 Edgewood avenue.

School Board Candidates
In the Granite City school district, new candidates for two board positions are Ralph Fricker, 3213 Aubrey avenue, Hubert L. Hall, Route One, and Sam P. Drenowatz, 2847 Glenview. Those filing earlier were the two incumbents, Howard W. Kaseberg, Pontiac, and Glenn C. Abernethy, 2847 Glenview avenue; and George J. Stidham, 1933 Trochlear lane, Madison.

Fricker, assistant manager of the Paul Seebold Concrete Co., formerly was a local building contractor. He is the local agent for the Illinois Mid-Continent Insurance Co. He has been superintendent of the Glenview Chapel Assembly of God Sunday school. He has a wife and two children.
Hall is a member of Building Service Employees Local 98 and is an established electrician as a custodian at Nameki grade school. Married and the father of five children, he has eight grandchildren. He served in world war II and is a member of American Legion Post 1151.

Drenowatz is associated with his father in operation of the Twin Oaks restaurant, 2504 Lincoln avenue. A graduate of Wood River high school, he attended the University of Illinois and Washington University and has been active in the Boy Scout program. Unmarried and a lifelong Madison resident, he served with the Coast Guard amphibious forces in world war II.

Trustee Contest
One of those opposing Roman for the trustee position in the former Nameki township area is Francis, who is owner of the Francis Real Estate and Insurance Agency and is an attorney, broker and insurance agent. Married, he has three children and six grandchildren. A graduate of the Granite City Real Estate exchange, he currently is chairman of its appraisal committee and is a member of the Elks and Moose of Lodge 1221.

Lakin resides at the Dogwood address with his wife and two children. A foreman at the A. O. Smith Corp., he is a member of the Elks and Moose of Lodge 1221.

11 Theft Cases Include Home, Restaurant

Eleven burglaries and thefts were reported in the Quad-Cities during the weekend, including restaurant break-in and looting of a home.

\$30 Restaurant Burglary
About \$30 was taken from the cash register at the Coffee Mill restaurant, 1033 Twentieth street, according to a report made to Granite City police yesterday by the proprietor, Arthur Gann. Entrance was gained by breaking a glass in a rear door. The break-in was discovered by Maxine Sechrest, and the register was looted of two \$5 bills, 20 \$1 bills and about \$20 in silver.

An attempted break-in was discovered about a block away at a shoe repair shop at 20th street and Washington avenue, operated by George Goehfert. He said a back door glass was broken, but entrance was not gained.

Thieves Slipped by a usually wary watchdog early Friday to ransack the home of Charles Delps, professional diver, who with his wife is searching for sunken gold on the island of Cayman in the West Indies, near Cuba.

Jack Ross, a friend of Delps, told the Press-Record the thieves apparently were searching for cash, although they did take a new portable television set, a valuable weather forecasting device, a 44-caliber antique rifle and a tape recorder.

Ross said clothing was strewn widely throughout the Route 67 home, contents of drawers were dumped on the floor, wall pictures were removed and a small safe which contained personal papers was broken open.

He said the thieves bypassed amateur radio equipment and other valuable articles in the looting, but ripped off wallpaper inside closets, apparently seeking a safe or hiding place.

Entrance was gained by forcing a front door, which was illuminated by spotlights placed in the yard. The thieves were seen, neighbors said. A neighbor told Ross that his dogs had begun barking and he saw them about 3:30 a.m. The neighbor caught sight of some money moving about near the back door, but was not disturbed by Miss June Markham and her father, Lawrence Markham, who said he had been checking the home since the Delps went to the island.

Stolen Venice Cars Found
Two autos were stolen in Venice and recovered a short time later, police reported.

The robbery of Alice Hight, 1106 Market street, parked in her yard, was discovered Monday.

Decay Prevented, Not Treated By Fluoride

(Second of a series on water fluoridation, subject of editorial in this paper, March 13, 1961.)

Proponents say it is a treat in that it safely reduces dental decay 60%. Opponents say it is a "chemical" treatment — "mass medication" — but this has been refuted every time that the foes have gone to court. Official testimony on the subject was given on May 25, 1954, before the U. S. House of Representatives Committee on Interstate and Foreign Commerce, A. J. D. Roy Doty, secretary of the ADA Council on Dental Therapeutics, dealt sharply with the myth that fluorides found in water supplies are different than added to a water system. He said that there is unanimous agreement among chemists

Poling Places Selected For GC Vote

25 Set During Special
Council Meeting; 11
Same As County Polls

Of the 25 polling places for the city-township election and the 28 for the county's district election in Granite City, only 11 will serve dual purposes.

This became official with the designation of polls at a special city council meeting Saturday morning, when the minimum requirement of 11 aldermen gathered to call the election for April 4. The eleven named judges for each of the 25 polls and set both judge salaries and polling place rates at \$25.

During Saturday's brief meeting, the council also named the largest of 18 building permits issued in Granite City last week for a new annealing line building to be erected by Granite City Steel Co. at a cost of \$285,000.

The building is to be erected along 20th street in the vicinity of Lee avenue and will permit continuous operation of the annealing process which is now carried out in batches. The new structure will be nearly twice as high as the building now there.

Construction permits last week, issued by City Building Inspector A. L. Stevens, included a \$440,000 value, including for two industrial permits, \$288,900; an \$80,000 commercial permit, \$20,000 public building improvement permit, five for home improvements to cost \$350; two house trailers on vacant lots, \$8500 and a garage, \$250.

4 New Dwellings
Home building permits went to L. Wolf Co. for a \$35,000 brick veneer with six rooms, 1 1/2 baths at 2801 Yale avenue; Lionel Portell, \$14,000 for a brick veneer with five rooms, 1 1/2 baths and garage at 2840 Michigan avenue; Rose Smith, \$13,000 for a frame house with four rooms and bath at 2915 Benton street; and Neil Stewart, \$4000 for a garage-residence at 2115 Lincoln avenue.

The other industrial permit was issued to Jenkinson-Wright Corp., 22nd street and railroad tracks for a 60x120-foot lumber storage shed to cost \$300; while the \$80,000 commercial permit to Tom Studebaker Co. to remodel the four-story building at 2115 Lincoln avenue for Franklin Union Furniture Co.

A \$2000 remodeling project is under way at the foundation, where restrooms are being modernized for the first time in 1958 at \$2000.

Home improvement permits were issued to the following: F. J. T. H. for a one-room addition at 2500 Madison avenue; Howard Myatt, \$1000 for a porch and siding at 2015 Twelfth street; John E. Hill, \$400 for an awning-type roof over a patio at 3221 Colgate.

Undergo Surgery

The following are recovering at St. Elizabeth Hospital after surgery which they underwent since Thursday: Myrtle DeConia, 3319 Wabash avenue; Tony Holovich, 806 Grand avenue; Madison, John Cass, 1111 Madison avenue; Benjamin Miller, 2535 East 25th street; Eric Morgan, 2240 Nevada avenue.

Miss Linda R. Davidson Wins Steelworkers Scholarship

Miss Linda R. Davidson, 17, daughter of Mr. and Mrs. Lloyd Davidson, 2531 Iowa street, is this year's winner of the coveted United Steelworkers of America four-year, \$4000 scholarship, it was announced here today by Lloyd McBride, assistant director of the Steelworkers.

Miss Davidson, an outstanding senior student at Granite City high school, is the third Quad-Cityan to win one of the national scholarships awarded by the United Steelworkers of America. One scholarship is annually assigned to the local area for the student with the highest grade point average. Her father is a member of Steelworkers Local 1022 of Granite City. Miss Davidson, McBride said, plans to enter Stanford University at Palo Alto, Calif., and will major in psychology. She plans to enter the field of medicine.

A WALL GOES UP at new Sacred Heart school off St. Clair avenue, as bricklayers tend to the task of laying blocks in an attempt to enclose the building to permit uninterrupted work on the interior. Four classes are scheduled to be in operation by September. The school, costing about \$200,000 will ease overcrowding at the present school, 26th street and Washington avenue.

\$283,000 Annealing Bright Receives Top Scout Building To Be Built At GC Steel

Largest of 18 building permits issued in Granite City last week for a new annealing line building to be erected by Granite City Steel Co. at a cost of \$285,000.

Donal Bright, recipient of Silver Beaver award from the Cakhok Mound Council, Boy Scouts of America, at an appreciation banquet Saturday evening.

Donald E. Bright, 3512 East 27th street, surplus property officer at the Granite City Engineer Dept., was honored by the Cakhok Mound Boy Scout Council Saturday night as one of two recipients of Silver Beaver awards.

The presentation took place during the council's 11th annual appreciation banquet, held at the Trinity Lutheran school in Edwinstown.

About 500 persons attended.

In Scouting 15 Years
Currently advisor of Explorer Post 10 of the Nedjeringan Memorial Methodist Church, Bright was recognized for 15 years of service to scouting. His efforts have included service as committee man, scoutmaster and scoutmaster of units sponsored by the church.

Bright also has been an instructor for many training courses in the council, and is a "vigi" honor member of the council's Order of the Arrow chapter.

A Silver Beaver award, top recognition that can be accorded by a council, also went to Les R. Wiedwilt of Edwinstown.

Other major awards presented during the evening were "Oscar" trophies for five or more years of outstanding scouting service. Unwin or Quad-City district "Oscar" winners were Mrs. Rona Birdson, a den mother of Washington school PTA Cub Pack 13; Jerry Young, assistant scoutmaster of the A.M.E. Church Pack 44 of Madison; Raymond Gaudette, scoutmaster of the A.M.E. Church Pack 14; and C. E. Evans, assistant scoutmaster of First Presbyterian Church Troop 10.

General Steel Firm Proposes Change In Name

Stockholders of General Steel Castings Corp., at the annual meeting to be held April 20 in Granite City, will be asked to approve proposals to change the corporate name to General Steel Industries, Inc., and to increase the authorized common stock to 3,000,000 shares from the presently authorized 1,500,000 shares.

The name change has been proposed because "General Steel Castings Corporation" is no longer considered fully descriptive of company activities, a spokesman explained. While steel castings continue to be an important part of production, the company has become a producer of iron and steel rolls since acquisition of the National Roll and Foundry Co. several years ago.

Last year, General Steel acquired a subsidiary, the St. Louis Car Co., builder of rapid transit and railroad cars, which now accounts for a major portion of the combined order backlog.

The proxy statement mailed to stockholders said the board has no immediate plans for issuing the proposed additional authorized shares, "but wishes to be ready for any contingency which may arise involving the issue of additional stock."

On March 3, 1961, there were 917,820 shares of common stock outstanding.

Sewer Proposal Is Ready Now For Final Revisions

Subject to final revisions, general outline of the proposed sewerage relief system for Granite City was given to members of the Citizens' Sewer and Drainage Committee at the Y.M.C.A.

C. H. Sheppard, project engineer, exhibited additional plans and pointed out that every section of the city will have new sewer lines, plus capacity for further city growth. He also noted that the preliminary plans provide for complete separation of storm water drainage from sanitary sewage.

This will not only facilitate pollution abatement, he said, but also will eliminate backwater flooding of basements, which has occurred frequently in the past with substantial losses to families, business and industry.

The project will discuss various methods for financing the proposed project, and indicated that the final cost estimate would be ready by the end of the project, and indicated that the project would be completed by the end of the project.

Since financial aid is anticipated by the committee from the East Side Levee and Sanitary District, the five board members were invited to the meeting and three were present: John Molta and Lawrence Tolar. They expressed interest in the project and felt they would receive a sympathetic hearing before the board.

G. W. Hoelscher, committee chairman, opened the meeting for general comment and questions after Sheppard's report. He said the committee members were engineers from local industries and from the levee district.

Edw. Wisely, of the Horner & Hersh engineering firm which produced the 1959 levee district affidavit pollution abatement study, termed as "wonderful" Sheppard's plan for separation of storm water and sanitary sewage here.

PHA Oks \$1,461,389 For Elderly Housing

GC Housing Board To
Meet In Special Session
To Sign Contract

Granite City Housing Authority commissioners are expected to meet in a special session this week to sign a contract with the Public Housing Administration for \$1,461,389 construction funds to develop housing units for the elderly.

Official notification of PHA approval of the fund application was received here about 10 a.m. Thursday in a telegram from Congressman Melvin Price.

David Morgan, executive director of the Kirkpatrick Homes housing project, said contract forms should arrive here this week. The PHA regional office in Chicago and upon arrival a special meeting of the board will be called.

Plans Progressing
In the meantime, the architects for the development, Gabriel & Duggeroff & Associates, are proceeding with detailed construction plans and the housing board members are planning to hold working agreement conferences with the architects, engineers and officials of PHA.

The housing development for the elderly is to be located on a 12 1/2-acre tract on the Udeli bischoff farm at the end of the 1800 block of Edwards street, near a short drive to Kirkpatrick Homes and a block off Nameki road.

On the site, 18 buildings are to be erected, containing 100 apartments of special design for the elderly. The plan calls for an office-maintenance building with recreation hall facilities.

Slum Clearance Program
The Housing and Home Finance Agency has approved the plan along with a workable program for long-range elimination of slums and blight in Granite City, making it eligible to apply for various types of federal assistance in carrying out its slum improvement campaign.

Under the terms of the contract, the PHA will pay 80% of the total development cost to the Housing Authority. This plan will be repaid with the proceeds of the sale of its long-term bonds to private investors.

The contract with PHA also provides for annual contributions by the government to help pay interest on the means of low income families.

No starting date has been set for the project, which will be completed by the end of 1962. The PHA will provide for annual contributions by the government to help pay interest on the means of low income families.

At the first meeting, held March 9, candidates for mayor, city clerk and police magistrate appeared.

Second Meeting Set To Hear Candidates

Candidates for city treasurer and aldermanic posts and township candidates for assessor and supervisor have been invited to appear at the Civic League's second public meeting at 7:30 p.m. Thursday at the Y.M.C.A. auditorium, according to Dr. Les Coleman, president of the League.

Expected to attend are Maurice "Doc" Danner, Dale Higgins, Frank Sappington and Robert "Bob" McCormick, city treasurer candidates; Frank C. Lakatos, Raymond "Ray" Barr, James W. Barton and Von Dee Bruce, incumbent, assessor; and Leonard Oram, incumbent; E. J. Gordon, C. Luther Ruder, Roy V. Downing, and Nelson "Nellie" Hagner, supervisor candidates.

At the first meeting, held March 9, candidates for mayor, city clerk and police magistrate appeared.

Highway Collision, Autos Sustain Damage

Northbound autos driven by Charles E. Doty, 42, of 1748 Venice avenue and Larry R. Mitcheem, 16, of 137 Trochlear street, collided at 5:50 p.m. Sunday on Route 111, a mile south of Bypass 86, as Doty was attempting to turn into a driveway. State police said the drivers and Mitcheem's passenger, Thomas L. Smeat, 16, of 1221 Big Four place, Mitchell, escaped injury.

Venice Council Contributes To Airport Survey

Venice city council members voted Friday night to provide financial support for a survey in Madison and St. Clair counties on feasibility of establishing a major airport.

Based on a goal of \$5000 in contributions from public bodies, the council voted to forward \$82 in city funds. Mayor John E. Lee said an additional \$5000 is being sought from industries.

The mayor described proportionate contributions based on 1950 census totals as an "equitable means" of raising the funds to determine whether this area could maintain a large airport. He noted that the plan was approved unanimously at a Feb. 22 meeting of the Southwestern Illinois Council of Mayors.

A contribution of up to \$130 was approved by the Madison city council March 7.

Arrested For Speeding

Gary Withers, 16, of 2401 Gary avenue was arrested at 1:05 a.m. Sunday for speeding at Johnson road and Edgewood avenue. He posted \$11 bond.

William N. Ramsey, 41, Former Resident, Dies

William N. Ramsey, 41, Cincinnati, Ohio, a former Granite City resident, died suddenly at his home at 2 p.m. yesterday of a heart attack.

Employed as a clerk for the New York Central Railroad, he had resided in Cincinnati since 1955 and previously was a lifelong resident of Granite City. He and his wife, Theresa, moved when the railroad closed its East St. Louis office.

Surviving besides his wife are two sisters, Mrs. O. M. (Ernestine) Pashea, Granite City, and Mother Delores, OSU, Dallas, Tex.; a brother, Rufus Ramsey, Granite City; and his mother, Mrs. Isabelle Ramsey, Granite City.

His remains will be brought to a Granite City funeral home, and funeral arrangements are incomplete. An obituary notice is given elsewhere in this issue.

Charged With Speeding

Jeannu Yabinski, 32, of Wood River was arrested Friday afternoon on Edwardsville road near Granite City police who charged him with speeding. He posted his driver's license as bond.

Mayor To Explain Tax Rate Proposal To Venice Groups

Plans to address Venice organization in a proposed fire department tax rate increase were reported Friday night by Mayor John E. Lee, who said groups may arrange for such talks by contacting Controller Carl E. Byrnes at the city hall.

Mayor Lee said he plans to visit all organizations wishing an explanation of the tax referendum to be voted on during the city election April 18. The ballot will propose authorization of up to a 20-cent tax rate on \$100 assessed valuation for fire protection purposes.

During a city council meeting Friday night, the council heard a report from Fire Chief M. J. Leathers that the fire department is in need of five fire hydrants extending eastward from Four-El street along the Monmouth Bridge road. A highway rental for the hydrants is paid from bridge funds, the mayor said in asking City Clerk William M. Ebersold to advise the East St. Louis and Interurban Water Co. of the need for the hydrants.

Decline Bill For Highline
Discussing a fire on the railroads highline last Oct. 1, the council voted to decline to pay a \$130 bill from the Illinois Terminal Railroad.

Acting on the advice of Harry and Hanover, bridge consulting engineers, the council noted that the fire damage has been attributed to action of rail city or bridge employees. The highline was damaged near the top in the blaze.

Dr. Lee said he will keep the council and citizens informed of any developments in the city's efforts to reopen the Southwestern railroad crossing to auto traffic. He added that negotiations involving the Gulf, Mobile and Ohio Railroad and the Illinois Commerce Commission are proceeding.

Permission For Light Poles

Due to a gas line partially in the way of new light poles, the council authorized the Illinois Power Co. to set seven poles adjacent to sidewalks.

Where the poles extend into the sidewalk area, concrete patching work is to be performed. One is located in the 1000 block of Calhoun, one in the 1200 block of Calhoun and one in the 1000 block of Market and 1200 blocks of Market street.

City Clerk William M. Ebersold reported being told by Illinois Power that the street light installation is ready to continue in North Venice, and that plans for new lighting along Broadway are still in an active stage.

Designate Polls

The council designated as polling places for the city election the Odd Fellows hall, Second and Grandview streets, in Ward One; the city hall, Broadway and Klein street, in Ward Two; 1109 Bissell street in Ward Three; and 230 Weaver street in Ward Four.

Five judges were appointed for each polling place, and the judges' pay was set at \$25. Voting hours of 6 a.m. to 6 p.m. were listed, with City Clerk Ebersold authorized to obtain supplies and ballots.

A report by Third Ward Alderman Arthur Means of truck parking in the 1400 block of Market street was referred to the traffic committee. Dr. Lee suggested that the committee confer with City Attorney Harry E. Hartman on an ordinance that would eliminate parking there, limit parking to one side of the street or limit the length of vehicles that could be left on Market street.

He asked for a recommendation for action at the next council meeting April 7. Means said there have been complaints of large trucks parked on both sides of the narrow street, sometimes with no lights.

Seek Limit On Burning

Mayor Lee instructed Attorney Hartman and Clerk Ebersold to notify the Hyman-Michaels Co. by registered mail to limit the number of abandoned railroad cars burned at one time, or risk having the

Eubanks Elected Dean Of DeMolay Honor Order

George E. Eubanks of Granite City was elected dean of the DeMolay Honor Order during its annual meeting Saturday in Alton.

Other officers went to Robert Perkins of Belleville, vice-dean; Arthur Marsh of Belleville, chaplain; Rola Mottaz of Alton, sergeant-at-arms; Howard Johnson of East St. Louis, treasurer; and Gilbert Armstrong of East St. Louis, secretary.

Past deans from Granite City are James Stuart, George Slattery and Dr. Irvin Wiesman.

Speaker at the Alton meeting was Paul E. Stephens, Grand Worshipful Master of the Masons of Illinois.

Delbert Dalton, 59, Stricken At Work, Dies

Delbert Dalton, 59, of 610 Washington avenue, Venice, was pronounced dead on arrival at St. Elizabeth Hospital after he was stricken while working at Granite City Steel Co. He had not been previously ill.

He was found slumped on the floor outside a locker room by Jerry Barnett, a mailman, and Charles Hampton, foreman in the steel fabricating department where Mr. Dalton worked.

Mr. Dalton, who would have been 60 years old Friday, was born in Princeton, Ind., and was a local resident for 30 years. He was employed at the steel firm for 10 years as a utility worker, and was a member of United Steelworkers Local 30. An inquest will be held by Deputy County Francis Lahey.

Surviving are his wife, Betty; two daughters, Mrs. Vernon (Delbert) Jacksonville, Fla., and Miss Sandra Kay Dalton, 17; two sisters, Mrs. Oliver (Della) Cruchfield, Princeton, Ind., and Mrs. Jeff (Gladys) Deloney and Mrs. Daisy Anderson, both of Venice; and two grandchildren.

Funeral arrangements are incomplete. An obituary notice is given elsewhere in this issue.

DeMolays Observe Founder's Day Sunday

Observing Founder's Day, 90 DeMolays of the Granite City Chapter, accompanied by 40 parents, attended services yesterday at Grace Baptist Church on Edwards street.

The observance was conducted throughout the U. S. and eight foreign countries by more than 3500 DeMolay chapters to honor the late Dad Frank S. Land, who founded the order on March 18, 1919.

The local group was led by Master Councillor Robert Maxwell and Senior Councillor Warren Nash. The local DeMolays chose to pay tribute to Nash and attend McKinley and Webster Grade Schools and Granite City Senior High School. He also attended Brown's Business School.

Much of Ray's "spare" time is spent adding up his bowling strikes. On weekends, you'll find Ray away on fishing trips, another of his hobbies.

It's friendly folks like Ray Nash who serve you at Granite City Trust that make banking here such a pleasure. Well-trained to handle his job efficiently, Ray is typical of the employees at "Your Friendly Bank." Another reason why more and more folks are making Granite City Trust their bank.

96 More-Signers Needed In Mitchell Water District

With only a week to 10 days remaining before the deadline, slightly less than 100 advance signups are needed to meet the 600 total requirement in the Mitchell Public Water District to qualify for issuance of \$600,000 in revenue bonds.

Lee Paul chairman of the Water District board, said today that 504 families now have agreed to pay the \$35 advance tap-on fee, and 86 others are needed to meet the stipulation of the bonding firm.

"We plan to have a sign-up center in operation again next weekend at the Mitchell fire station from 10 a.m. to 2 p.m. on Saturday and from 10 a.m. to 11 a.m. on Sunday and hope to complete the advance work by that time," Paul said.

The proposed public water system would serve about 800 families in the Mitchell area. After the advance sign-up period, tap-on fees will be \$150, Paul said.

Ladies Coterie Holds Meeting At Reiske Home

The home of Mrs. E. F. Reiske, 2635 State street, was the place of meeting for the Ladies Coterie Thursday afternoon.

The hostess served a dessert course to 29 members and the meeting opened with the pledge to the flag led by Mrs. W. F. Cookidge, and the Lord's Prayer by Mrs. Henry George.

Mrs. W. G. Cooley conducted the business discussion, during which plans were made for a card party May 10, the proceeds to be used for the club's various charitable and philanthropic projects.

Mrs. Edward Droege, program chairman, entertained the group with pictures taken on her last trip to Germany, Holland and Austria, and Mrs. Harold Dorens sang "Hello Young Lovers" from The King and I, and "To You" by Spinks, playing her own accompaniment.

The Coterie will be hostess to the Madison County Unit of the Illinois Federation of Women's Club at a meeting April 6 at First United Presbyterian Church, 22nd street and Delmar avenue. The meeting will convene at 10 a.m. and luncheon will be served at 12 o'clock. Twenty-nine attended Thursday's meeting.

CATTY-TOO CLUB HOLDS MEETING

The Catty-Too Club held a monthly meeting Thursday evening in the home of Mrs. Lucile Kalgore, 217 Kerr street, Venice.

Business was discussed and plans were made for future activities.

Prizes in the games were won by Mrs. In Dunsen, Mrs. Yvonne Passig and Mrs. Jackie Gattung.

Luncheon was served to the members and St. Patrick's Day appointments were used.

The next meeting will be with Mrs. Passig, 1521 Fourth street, Venice.

GOP Women Club Conducts Candidate Night

A "successful candidates night" party was given by the Granite City Republican Women's Club Thursday evening at the YMCA.

Mrs. Edna Kohlbrecher, president, opened the meeting and the group sang the national anthem. The salute to the flag by the members and guests followed and the chaplain, Mrs. Wanda Holton, offered prayer.

For identification, campaign cards of the candidates were pinned to their lapels as they entered and 35 were introduced by Mrs. Vernice Wortman.

Entertainment consisted of accordion music by Joseph Manigracino and a pantomime routine by Pamela Fuller.

Prizes were won by Paul Rutledge and Mrs. Elvira Thurber and cake and coffee were served by the committee.

The next regular meeting will be held April 20th at which time current legislation will be studied.

New Firms, Building Projects Give Hint Of Economic Upturn

Annual forecasts by Quad-City business and financial leaders at the start of the year indicated the likelihood of an upturn after the first three to five months of 1961. With the third month nearing an end, there is interest in how accurate the economic predictions will prove.

There is no precise gauge, but a few recent articles give hope that the expected trend is materializing. For example, today's news columns report federal approval of a 100-apartment housing development for the elderly in Granite City. Bids will be opened in April on repaving Madison avenue in Madison, and in May on constructing a new Granite City post office. A contract has been awarded for a \$215,000 improvement project at the Concordia Lutheran Church. The Franklin Union Furniture Co. has leased a long-lie four-story building in the Granite City business district, and the new Royal Crown Cola Co. plant is going into production.

The list is not complete, nor is there a complete absence of adverse factors. But these straws in the wind might well be the first signs of a solid business comeback this year. Such "boom" years as 1957 included a large number of construction and remodeling programs.

Organizational Blood Plan Should Not Be Discarded

A challenging proposal that should not be allowed to fall by the wayside is the establishment of an organizational blood program in the Quad-City area. As previously outlined, the plan would not be a "blood bank" and would in no way jeopardize the hospital blood bank. In fact, it has the blessing of the hospital board.

The many advantages include reciprocity—assurance that blood needs will be met throughout the country and, in many instances, in foreign countries. That this service is helpful is borne out by Red Cross records, which show that for New Yorkers alone 10,000 pints of blood were provided without cost and in ample amounts at widely scattered locations, including a remote island in the Indian Ocean.

Better still, such problems as that reported here last week—an urgent appeal for blood for a child requiring heart surgery—would be solved. Now, during Red Cross Month, would be a good time for the local chapter and for all interested Quad-City organizations to give renewed attention to a badly needed and easily obtainable program.

Council-Manager System Seems Firmly Established In Alton

During the local discussion of council-manager government last year, some contended that the system was a failure in Alton and was likely to be discarded there. In view of this, it is interesting to note that all four council candidates surviving the primary election there endorse the council-manager government structure.

There has been some disagreement in Alton over interpretation of the rules of procedure, but the mayor seeking a more prominent role than some council members feel is warranted. But even he has limited a proposal for specific changes to

Abolition Of Illinois Veterans' Commission Under Consideration

Possible abolition of the Illinois Veterans Commission is likely to stir up a controversy unless reasons for and against such action are aired in advance.

The fact that it has been staffed by the previous state administration is an insufficient reason to eliminate the commission, particularly since many of the office managers are disabled veterans. On the other hand, as Gov. Kerner says, it should not be continued if its services are no longer needed. The "if" is what remains to be determined.

IVC officials concede that their agency is unique; their justification for existence is that they believe Illinois veterans are gaining more in federal benefits than veterans of any other state, through more extensive explanation and assistance. They report that every dollar spent on the IVC has aided in obtaining ten dollars in various benefits. There are 70 offices, including Granite City and Alton.

In addition to handling state veterans' bonus applications, the local office in the last fiscal year gave aid in 29 categories, including the writing of 1239 letters and procurement of 927 documentary records. Interviews totaled 3419, services rendered amounted to 3857 and 252 new cases were added to the veterans' record files. Stocks of Veterans' Administration forms were maintained, and assistance covered educational benefits, pensions, hospitalization, appeals, benefits to survivors, address changes, burial allowances, tracers, insurance and identification cards.

Veterans' aid is big business, but the fact that other states rely on individuals to obtain their own VA assistance is worthy of note. An appraisal of the present program, and the probable scope of veterans' affairs in the coming years, could guide the state. Certainly, if further wars are prevented, the Illinois veterans' agency will outlive its usefulness at some point.

Sales Tax Reports Trace Yearly Growth Of Shopping In Quad-Cities

An interesting pattern is apparent from monthly reports on the half-cent sales taxes returned to local city treasuries after collection by the state. The increases occurring in all years except 1958 indicate growth of the Quad-Cities and also the varied and complete lines of merchandise and services available at retail business firms here.

From an initial rate of \$108,000 in the first year of city sales taxes, 1956, the yearly community-wide total climbed to \$224,000 in 1957, \$221,000 the following year, \$251,000 in 1959 and \$264,000 in 1960, the latter a gain of 27% in four years.

The reports show that not only have the city coffers been enriched—\$1,152,000 through the end of 1960—but that the shop-at-home habit is growing yearly.

Woman Injured In Fall; Girl Dyes Hair Green

Mrs. Mary Conrad, 82, of 2005 Kirkpatrick Homes, injured in a fall at her home, was treated at 12:30 p.m. Friday at St. Elizabeth Hospital for a possible left rib fracture and a forehead laceration. X-rays were taken of the chest and head, and she was admitted for observation.

Wayne Beaver, 12, son of Mr. and Mrs. Charles Beaver, 1900 Johnson road, received a one-inch cut on his forehead when he fell at Coolidge Junior high school at 9:30 a.m. Friday. He was treated and released from St. Elizabeth Hospital.

Carol Probert, 14, daughter of Mr. and Mrs. Arthur Probert, 1529 St. Clair avenue, was admitted to the hospital at 8:30 a.m. Friday after she had dyed her hair green in observance of St. Patrick's day. She was treated for exposure to the dye, and was released Saturday morning.

Glen Morgan Jr., 14, of 2622 Denver street, received X-rays of the left leg at 6 p.m. Friday after he had fallen at home. He was released after treatment of bruises.

Youth Program Planned At Suburban Baptist

Suburban Baptist Church, St. Clair avenue and Maryville road, will be host to young people and intermediates of Madison County Baptist Association next Saturday evening at the annual Youth Night program.

The program will feature conferences on "Love, Courtship and Marriage," "Christian Personality" and "What Is a Baptist?" for the youth groups and "What Can Be Done for Your Young People" for the adults attending. Miss Delores Fisher will be organist and William Patterson, song leader, for the evening and there will be special music by vocalists from Suburban, Calvary and Third Baptist Churches.

The choir will be composed of young people from various churches in the association. Concluding the program will be the association entrants in the annual "Young People's Speakers Tournament," and the winner will be eligible for the district tournament.

Union Starch Honors Long-Service Workers 8 Persons Hurt In 18 Areawide Traffic Accidents

During its seventh annual employee service award dinner, held Saturday evening at the St. Louis Hotel, the Union Starch and Refining Co. honored 87 having 25 or more years of continuous service with 22 other employees.

The awards were presented by John McBride, vice-president and general manager. Guest speaker was Dr. Fred Smith, professor in the University of Minnesota's Institute of Agriculture, who discussed "Life, Love and Faith in God." About 160 attended.

Commenting that Communism in 52 years has gained the following of more people than has Christianity in 2000 years, Dr. Smith said there is increased need to instruct children and advise associates to follow the national motto "In God We Trust." Citing examples of the need for faith in God and fellow man, he said Communism is a grave threat to democracy.

The speaker was introduced by McBride. Harry W. Curry, vice-president, served as master-of-ceremonies and introduced company officers and guests. Special guests included wives of honored employees and wives of long-service employees who retired during the past year.

Recognition was given to one new 25-year employee, Charles Williams. He received a watch, and a diamond service pin went to those reaching 35 years, with ruby service pins for those attaining 40 years.

Retired Group
Honored employees announced as retiring in the past year were Mike Folke, W. M. Kippings, J. K. Judak and John Sigite, 38 years; W. R. Brewer and E. M. Snelson, 36 years; and R. L. Mattison, 30 years.

Mrs. Christine G. Parker, 37, of 2071 Highway 67a, was given emergency treatment at St. Elizabeth Hospital about 10 p.m. Thursday for injuries suffered when her auto went out of control because of a faulty gas pedal and struck a utility pole.

Mrs. Parker struck her head against the steering wheel and also suffered a bruise to her left knee. Police said she was making a right turn off Carlson avenue to go west on Jull avenue when the gas pedal stuck, causing her to lose control. The auto also damaged an evergreen shrub on the lawn of the home of Albe Shannon, 3201 Carlson avenue.

An auto passenger, Miss Lorraine Cox, 27, of Springfield, was hospitalized here Thursday afternoon following a two-car collision at Wilson and Marshall avenues. She suffered injuries to her face and back.

Police said she was riding in a car driven west on Wilson avenue by Bert D. Hoffman, 30, of 2812 Warren avenue, who escaped injury, as did two other passengers in the car.

The other auto was being operated south on Marshall avenue by Judith E. Stille, 34, of 2923 Pershing avenue.

Charges By Police

Gibson Says Term On Housing Board Runs To May 15

Robert G. Gibson, present chairman of the Granite City Housing Authority board, told the Press-Record today that his commission runs until May 15 and he will continue to serve as chairman until his five-year term expires on that date.

Announcement was made last week by Mayor Davis that he plans to replace Gibson on the board April 1, and Gibson replied that the next regular meeting of the housing board will be April 4, "and I plan to preside as chairman at that meeting."

"I do not plan to resign before May 15. This is an example of Davis' pressure politics," Gibson said. "It is well known that I am supporting Pat Rich for mayor, so for that reason alone, I am being replaced, even before my term expires, to make room for Davis' campaign manager."

"I have devoted a great deal of time and energy in behalf of the Housing Authority and the people who live here."

"When I was named to the Authority five years ago, I personally spent many evenings listening to complaints of the tenants. The percentage of vacancies was unusually high."

"Shortly after I was named, management was changed, and vacancies were filled with persons in need of decent housing."

"At the same time, I realized along with the other commissioners that one of the most pressing public housing problems in our community was the

Madison Staff To Plan For Tornadoes, Drill

Plans for the 1961 tornado season and for a natural disaster defense alert Saturday, April 29, will be made during a Madison disaster staff meeting at 7:30 p.m. Wednesday at the Madison recreation center.

The meeting has been called by E. A. Friedman, natural disaster chairman. Topics will include preparations for action in the event of a damaging windstorm or other disaster, and utilization of existing disaster and civil defense equipment, which has just been increased by purchase of three more first-aid kits, additional blankets and more stretchers.

The drill to be held April 29 will coincide with a national civil defense test April 28-29.

**AISA To Hear Panel
On Material Handling**
A panel discussion on "Material Handling Problems" will be conducted at the March 29 meeting of the Association of Iron and Steel Engineers, St. Louis section, at 8 p.m. at the Elks Club here.

The panel will be composed of Matt Wilson, of Granite City Steel Co.; Gail Weinrich, of Laclede Steel Co.; Madison: Leland F. Kried, of Olin Matheson Chemical Corp.; East Alton: and E. C. Fields, Lewin Mathes Co., division of Cerro de Pasco Corp., Monsanto, Ill.

The discussion will deal with the causes that create costly handling operations.

Thomas Harmon, Granite City Steel Co. chairman, will preside. A social hour will be held at 8 p.m. and will be followed by a dinner at 7 p.m.

**Waste Paper Surplus
Sale On April 10**
Government surplus property, consisting of 828 tons of waste paper products and 3000 gallons of waste hypo solution, is being offered for sale on a sealed bid basis by the Granite City Consolidated Surplus Sales Office at the Granite City Engineer Depot on April 10.

The property, which includes waste paper, cards, cardboard and corrugated waste, is located at the U. S. Air Force Aeronautical Chart & Information Center in St. Louis and at Scott Air Force Base near Belleville. Inspection of the property may be made between March 20 and the sale date by contacting the property disposal officers at the installation. Most of the material offered for sale is baled.

Fredman Bros. Furn. Co.

Delmar & Niedringhaus, Granite City, Ill.

HERE ARE THE FACTS!

In the largest single purchase in Fredman Bros. Furn. Co.'s 46 years of business, we recently bought out the Ralph Friedman Co., of 5149 Easton and 414 S. 7th St., St. Louis, Mo. Illness forced Ralph Friedman (no relation) to sell out his entire business, 6 buildings, and stock. We did not need this additional stock at this time but the business and in order to dispose of this vast stock we have orders from our main office, regardless of the higher value of this merchandise, to mark down every single article to a price that is sure to make it sell... and quickly! To dispose of a stock of merchandise of such tremendous proportions in such a short time, just 17 days, requires drastic price cutting. Notwithstanding the loss of profits we have made prices so appealingly low, and augmented this stock with some of our own Quality Furniture to complete selections in every department of the big store, that we believe this Stock Disposal Sale will be irresistible to the Homefurnishings buying public of the Quad-Cities and surrounding territory and will be one of the outstanding sales of this year and years to come. All items subject to prior sale. No refunds or cancellations on sale items.

Legislature Considering Change In Divorce Law, Pay Boosts; Oks \$67 Million Public Aid

(Special from Springfield)

Legislation which its sponsors say may save marriages, increase salaries of members of the General Assembly, establish a pilot program for handicapped educable children, and House advancement of an Illinois Fair Employment Practices Commission bill to the Senate, featured deliberations of the State Legislature last week. The week also marked enactment of the second version of a bill to appropriate \$67.3 million to carry the Illinois Public Aid Commission through June 30.

The legislation designed to save Illinois marriages was in the form of bills by Sen. James W. Gray (D-Bellview) to amend state divorce and separate maintenance acts so a husband and wife could continue to live together even though one had sued for a divorce or separate maintenance. The proposal was approved by the Senate Judiciary Committee and will be on Senate second reading this week.

Under present Illinois laws estranged couples living together while a divorce or separate maintenance suit is pending is called "cohabitation," and the law automatically loses grounds for divorce. If the present legislation becomes law, a trial judge who wishes to live together can stipulate in writing to the court that the couple is cohabiting and if no grounds for divorce are found, the couple will be allowed to live together.

\$20,000 Pay Proposal

Salaries of state representatives and senators would be boosted from the present \$10,600 a biennium to \$20,000 and annual salaries of circuit and superior court judges would be increased from \$18,000 to \$25,000 under a measure offered by Rep. Robert Casey (R-Aurora). A provision in the bill increasing legislators' salaries, however, would prevent "moonlighting," holding down another position with a government agency.

State Sen. William Lyons (D-Gillespie) announced last week he plans to introduce a bill which will appropriate from \$24 million to \$34 million for establishment of a pilot program at Hillsboro in Montgomery county, for training handicapped educable children and also training teachers to teach such handicapped children. Lyons said he had encouragement from Gov. Otto Kerner and State Welfare Director Dr. Frances Greig.

Such a center for handicapped educable children would be financed by both the state and the federal government, Lyons said. The federal government would be expected to provide matching funds at the rate of \$2 for every dollar the state supplied.

Lyons said he would propose that the state's share of the cost be taken from the State Mental Health Fund which is made up of payments from mental patients or their relatives, for state care.

The FEPC bill was passed by the House and sent to the Senate last week but only after an outburst caused when a Negro member protested what he called a derogatory reference to his race by a white member. Rep. William Robinson (R-Chicago) was the Negro representative who made a protest to a

statement by Rep. Harry Semrow (D-Chicago) who used the phrase "nigger in the wood pile" during a debate last week. Semrow immediately caught himself and apologized to the nine Negro House members and the next day Robinson rising to a point of personal privilege, termed Semrow's remark "inexcusable" especially "when Negroes are going to jail in the south for the fight for freedom and equality." He asked that Semrow further apologize to the Negro members and "to my race."

Semrow rose and said the reference was inadvertent. I said then I was sorry and I truly was," he recalled to the silent House that at the start of the 1961 session, Semrow and his family experienced difficulty in getting hotel quarters, that he and Semrow shared his hotel suite with the Robinsons and expressed the hope that Robinson would "show the same consideration toward me as I showed you when you were not able to get hotel quarters."

Rep. Semrow also noted he had voted for the FEPC bill at all stages and had supported FEPC proposals in past sessions. The bill passed, 115 to 42, and went to the Senate which has a trial judge who wishes to live together can stipulate in writing to the court that the couple is cohabiting and if no grounds for divorce are found, the couple will be allowed to live together.

Public Assistance Signed

Gov. Kerner signed a bill last week to finance a \$67.3 million program for public assistance. He signed a similar bill about two weeks ago but because of an error in the original measure which required a certain class of relief applicants to reaffirm their need, Kerner has already indicated and thus delay their relief. The Governor asked the Legislature to amend the bill.

Appropriations of more than a billion dollars are provided in bills either already before the Legislature, or which were introduced last week or are yet to be offered. These bills include: a bill for common schools (approximately \$400 million); for public aid (\$500 million); and University of Illinois (\$165 million). The school aid and relief proposals each are more than \$100 million.

A bill to aid Northwestern University in expanding its Evanston campus was advanced to the Senate floor last week by the Senate Education Committee.

Two Are Treated At Hospital For Burns

Two persons received emergency treatment at St. Elizabeth hospital during the week, and for burns suffered in accidents.

Danny Montgomery, 14, son of Otto Montgomery, 4000 Breckenridge lane, who suffered first and second-degree burns to the hands when his clothing caught fire, was treated Saturday. The clothes ignited when he stood too close to a flame.

Thomas DeVore, 19, Collinsville, was burned by flaming gasoline and was treated here at 5:25 p.m. Friday for first and second degree burns to the hands and face.

Terry Hankins, 3177, Peeling road, suffered an arm fracture in a fall, obtaining treatment at St. Elizabeth hospital Friday.

Others receiving emergency treatment Friday included Rose Coburn, 32, of 2333 Ottawa avenue, who caught a crocheting hook in the palm of her left hand.

Brent K. Willis, 20, son of Mrs. Sharon Willis, Brooklyn, was admitted to the hospital Thursday after drinking an unknown amount of bleach. He was released Saturday.

\$550 Damage, Dense Smoke At House Fire

Fire caused \$550 damage at 3:19 p.m. Thursday at the home of Moses Comor, 1037 Washington street, Madison, while he was away from the building.

Originating from an overheated five pipe connecting with the furnace, the blaze spread to wood and paper and then burned through the basement ceiling and flooring of the first floor.

Madison firemen, who had to don gas masks due to the dense smoke, estimated the loss at \$450 to the house and \$100 in smoke damage to the contents.

Parked Car Damaged

A hit-and-run car damaged the left side of the parked auto of Joe Timko, 1654 Sixth street, Madison, in front of his home between 11 p.m. Thursday and 6:30 a.m. Friday, police were notified.

Levee Board Fight May Force Worker Layoffs

Office personnel of the East Side Levee and Sanitary District may be laid off this week because of continuing disagreement between the two factions of the levee district's board of trustees.

The layoffs for some office workers would be an economy measure, since the district has all but run out of money and the board has not approved tax anticipation warrants which would furnish operating capital and meet payroll.

The levee board's two "presidents," Daniel E. Costello and Lawrence Tolar, both claiming the office as the result of separate elections, said the foreseen layoffs would apply to office personnel only and not to employees at pumping stations and others necessary to the district due to high water stages. The district has about 200 employees.

A tax anticipation ordinance requires the signature of the board president, but just who legally holds that title is a matter of disagreement between the two factions.

Tolar, John E. Molla and Thomas "Skip" Hennessey say Tolar is the legally elected president, and refuse to recognize Costello. In turn, Costello and George Duff claim Costello is the legal head of the board. The matter is the subject of litigation in the courts, and has not yet been resolved.

Meanwhile, board members have each affixed signatures to payrolls, ordinances and other papers, without any one member being designated as president.

But Tolar, Molla and Hennessey refused to sign a proposed tax anticipation ordinance during a special meeting Saturday, and the possibility of employee layoffs became more imminent. How long the layoffs will last or how many employees will be affected was not determined.

Local Students On 'Goodwill' Concert Tour

Two local students at Southern Illinois University, Carbondale, Miss. Elin-Mae Ackerman, daughter of Dr. and Mrs. E. L. Ackerman, 2908 State street, and Alex Urban of Madison, are touring towns in the state with the University Choir, Madrigal Singers and the Brass Ensemble during their spring vacation.

Highlighting the tour will be nine concerts in the hometowns of many SIU students and alumni. The choir, 48 voices strong, will be the main attraction of the tour. The group each year stages several major concerts on campus, as well as singing at other concerts and workshops. They have also appeared on local and network radio and television programs. The members are selected for the tour by audition.

The break-in was discovered the next morning and reported to the police. It was disclosed last week Welding torches were used to gain access to the contents of the safe.

Speeding Arrest

Ralph Mock, 40, of 2943 Marshall avenue, was issued an arrest ticket Friday afternoon at 24th and Iowa streets on a charge of speeding. He posted his driver's license as bond.

Trend Toward Program For Older Retarded

An increasing trend toward instruction at the high school level or mentally handicapped students was cited by Mrs. Evelyn Gavin, instructor of trainable children in a class at the Lake school, in a talk to the Daybreak Optimist club Saturday morning.

The local EMH instruction program currently provides classes for students up to the junior high school level, she said. She added that the program is fairly new here, having been started in 1955.

Boy Scout and Girl Scout programs and fellowship groups for the mentally retarded also have come into being here, she said. In order to fill the social needs of the children, with additional school instruction, they would be aided in developing basic skills enabling them to perform useful work and be of value to the community, she commented.

Arrested at Namekeld road and Victory drive at 9:42 p.m.

Friday, Merle Sternberg, 45, of 1600 Seventh street, Madison, was charged with reckless driving and driving in the wrong lane on Namekeld road. He was released at 8:38 a.m. Saturday upon posting \$51 cash bond and his chauffeur's license. A hearing was set for next Saturday.

Dance Quartet Performers Prove Unusual and Able

by John McCabe Moore

The Rod Strong Dance Quartette closed the 1960-61 season for the Tri-City Community Concert Association Saturday evening with a very unusual and able performance.

The programmed music interpreted by the dancers was very inclusive, going from Bach to the St. Louis Blues, Miss Faves, Miss Elaine and Miss Serana, in the first group, respectively, represented the main theme of Bach and the counter themes, each coming in as her subject theme arose, and the fugue presented itself as a divergence of opinions on the same subject."

A sixteenth century encounter was the danced story of a young man meeting two maids, being then both and getting neither. This was delicately done to A Scarpatti Gavotte, a dance characteristic of the time. In Carnival (Paganini), Mr. Strong showed a little boy's first trip to the circus, enjoying most part the routine and appropriate facial expressions.

A waltz treatise was presented next by all the artists, interpreting Ravel's various waltz moods, including the quiet and the romantic. This was very excellently done by two solo, one duet and one quartette presentation.

Mr. Rolf Barnes, the group pianist, presented two numbers in solo, "Le Tic-Toc-Cho..." by Couperin and Chopin's Scherzo B Flat Minor, Opus 31, demonstrating great brilliance and understanding.

Mr. Strong presented four solo dances next which showed his versatility, originality and his dancing as well as being most interesting from the aspect of showing the French and Spanish dance idioms.

Also included on the program were Albeniz' Leyenda, the dance of a young gipsy impressing the Senoritas; "Before Television" (traditional music of Mr. Barnes' arrangement) showing the more personalized elements of the people at the turn of the century; Fats' "The Male Variation"; Somerset Maugham's classic story of passion versus fanaticism in the tropics, with the jazz music setting by Rolf Barnes; Mr. Barnes' piano solo work; Ravel and Debussy; Mr. Strong dancing freely to Tea for Two, then to Fiddle Faddle (Leroy Anderson) during which he danced down off the stage and sat beside little Pamela Lemon in the front row, who refused to dance with him.

The ad lib number was danced to audience requests as follows: St. Louis Blues, Stormy Weather, Malaguena, Blue Danube, March, Aida, Cha Cha Cha, I've Got Rhythm and the Sabre Dance. Prolonged and impressive applause brought the entire quartette back in encore—a burlesque called the Dance of the Dying Duck. Mr. Strong succeeded to three shots from the hunter, but revolved long enough to shoot the hunter and both swans, ending the concert with humor and surprise.

Woman Given Suspended 90-Day Term, Probation

Called to the 900 block of Niedringhaus avenue at 6:30 a.m. Sunday, Mary Isha, 20, of 2728 Chestnut street and Raymond W. Allen, 27, of 405 Kirkpatrick Homes with disorderly conduct. A second man was questioned and released.

Pleading guilty at a hearing today, Mary Isha was fined \$25 and costs on disorderly conduct and given a 90-day suspended county jail term and a year of probation on vagrancy. Allen was released at 3:35 p.m. Sunday on \$31 cash bond pending a hearing.

ANNIVERSARY DINNER

An anniversary dinner was held at the Trailways in Belleville Saturday evening by members of the Beta Gamma club, a group of young ladies that has been meeting monthly for the past 18 years. The husbands were invited to the dinner.

Those attending were Mr. and Mrs. Herb Hensley, Mr. and Mrs. John Evans, Mr. and Mrs. Bill Bancroft, Mr. and Mrs. Vic Katenbraker, Mr. and Mrs. Lloyd Weeks, Mr. and Mrs. Stanley Hoffman, Mr. and Mrs. Donald Weeks, Mr. and Mrs. Wesley Jones, Mr. and Mrs. Frank Pustis, Mr. and Mrs. Ernie Elset, Mr. and Mrs. Donald Lezy and Mr. and Mrs. Bill Tester.

The ladies all are former residents of Madison but now reside in Belleville, Collinsville, French Village, Granite City and Madison.

The club members will meet April 18 at the home of Mrs. Jackie Frizell, 1635 Second street.

CROWNED QUEEN Mrs. Joseph Blattner, 1606a Seventh street, was crowned queen for the night at a style show given by the Collinsville Junior Service club Thursday evening. The styles included fashions for children, teenagers, ladies and men's wear along with various hair styles. Fashion commentators were Redith Helmkamp and Robert Field with the hair stylist commentator being Carl Paoli.

Mrs. Blattner was presented with a bouquet of pink carnations, a treasure chest, dress, hat, purse and shoes. Members of the Madison, Venice and Granite City Junior Service clubs were present.

RAILROAD PACK THEM The theme for a monthly meeting of Cub Pack 90 of the First Methodist Church of Madison was 65 persons gathered at the church Friday evening. Plays were given by the boys, and a railroad display was made by Dan Seven.

The bobcat ceremony was used to open the meeting, at which time Freddie Ballentine and Theodore Navard were welcomed into the pack. Cubmaster W. E. Passig presented awards. Mrs. Marilyn Hunsaker, 616 mother, and mothers of the boys of Den Five served refreshments.

Ladies of the Quilting Society gathered at the First Methodist Church Thursday for a day of quilting.

A sack lunch was enjoyed by Mrs. Cornelia Hommert, Mrs. Wilma Sack, Mrs. Helen Cook, Mrs. Belle Woodring, Mrs. Minnie Martin, Mrs. Emma Graves, Mrs. Ruth Roberts, Mrs. Nora Sanders and Mrs. Edna Austin. Ladies of the church and the quilting society will gather Thursday to clean and wax the church.

Pickets Appear Here To Emphasize Strike

Informational pickets appeared Saturday and today at Tri-City supermarkets in Granite City, although the stores here are unaffected by a strike elsewhere by three Illinois locals of the Retail Clerks International Association which is entering its eighth day.

Miss Hetty Sheppard, business agent for the Retail Store Employees Union local 435, said the pickets were to advertise the strike to the public and not to close the stores. The local union is not on strike.

The strike has closed stores in Collinsville, Alton, and Wood River, and include the Kroger Co., A & P Food Stores, National Food Stores, Inc., and Tri-City.

Belleville Local 219, of the union, ended its dispute Saturday after about 500 members returned to their jobs in an across-the-board pay hike of six cents per hour this year and five cents per hour next year and reductions in the work week to 40 hours.

The other three locals are seeking wages and health and welfare benefits in line with those received by locals in St. Louis and St. Charles, Mo. A United States conciliator is working to bring about a settlement.

Fire Causes \$1500 Damage At Poor Boy John's Store

A fire, believed extinguished earlier, broke out a second time in a storage area at the rear of Poor Boy John's store on Byass 40-65 at 1:15 a.m. Saturday, causing an estimated \$1500 damage, Mitchell firemen said.

The firemen were called to the scene at 2:30 p.m. Friday to douse a fire that began when sparks from a rubber blaze ignited cans and tubes of caulking compound.

Firemen said the blaze probably smoldered and was fanned by a wind. The compound was in cartons outside the store.

CANDIDATE'S STAND ON U. S. CONSTITUTION

Mr. C. E. Townsend, Editor
Granite City Press-Record
Granite City, Illinois

Dear Mr. Townsend:

I have been very proud of the many messages I have received in the past few months; pertaining to the stand I have taken to defend our Constitutional rights. I have worked for a better understanding of the basic concepts of our Declaration of Independence. I have spoken out repeatedly to halt the tide of misinformation of the freedoms which are firmly cemented with sincere Americanism into our Bill of Rights. Mostly overlooked, but definitely phrased with purpose is our 9th Amendment. "The enumeration in the Constitution of certain rights shall not be construed to deny or disparage others retained by the people." Since anyone who deviates from the safe path of conformity; finds more than a little criticism, it is indeed gratifying to also be the recipient of congratulation. I believe we must backtrack into our American History; to fully understand our reason for founding this country. That reason in turn, unquestionably clarifies what position we take today, as a country, in the world, and on any level. The first settlers at Plymouth, braved almost impossible odds to find a place where they might worship as they chose. That was the important start of our nation. We have faced many problems; decade after decade, yet national unity was achieved and has been preserved through economic

slumps, wars, depressions, etc., in his race for re-election as United States Senator from the State of Massachusetts. Every part of our American way of life is the essence of religious liberty. Live, and let live, with everyone entitled to freedom of selection or choice.

When aimless purposes and articulate phrases are vented in senseless opinionation; then we should certainly strive for formulae of keener perceptiveness, clearer insight into all problems. The Master did not say, "Well done, thy good and successful servant," but rather, "Well done, thy good and faithful servant." Communism is atheism, and therefore the enemy of all religions. Our religion is the foundation of Democracy, and the strength of America. I like to think the 13th Psalm belongs to me. I like the wonderful Christian motto, "Better to light one candle; than to curse the darkness."

I am a Southerner by birth, a Midwestern by choice, and an American by the Grace of God. Confidently, I can say, "Let Chaboud stand for something, not just anything."

Sincerely yours,
LILY P. CHABOUD,

SAYS VP NOMINEES WERE HIGH POINT IN ELECTION

Dear Editor:

The selection of the two Vice-Presidential nominees was the turning point in the last election. It is evident that President Kennedy won several states that he would not have carried if Vice-President Johnson had not been his running mate. I can find no State in Vice-President Nixon's column that can be credited to Ambassador Lodge.

It was a political mistake to take Lodge out of the United Nations and put him in the nomination for Vice-President. The issue of the miserable showing that he made in 1962 when President Kennedy overruled him.

Anyhow, we do agree on the ineptitude of the present administration. Perhaps as the campaign goes on we will agree that it is even worse than that. We might even go so far as to agree that the present administration has been "bad".

Very truly yours,
A Clean Voter,
H. S. BIENECKI.

RECALLS 1947 ACTIVITIES OF GO COUNCIL

Mr. C. Townsend
Editor of Granite City
Press-Record
Granite City, Illinois

Dear Sir:

In cleaning out my basement, I ran across some old Press-Records. One was dated September 25, 1947, and I thought this might interest you and your subscribers.

Headlines:
Council wants Gambling Limit.
Mayor's Statement:
Mayor Moerlein read a prepared statement in which he charged that Alderman Charles Meyers anti-gambling crusade was ill-timed and political. After meeting adjourned Meyers rushed to several saloons where punch boards were known to be located and said they had been yanked out. Slot Machines in one private club were also gone, when the place was visited about 45 minutes after the Council Session. Action on the Gambling Ordinance was started by Alderman Donald Partney, who read an excerpt from the law which levies fines on persons known to operate Gambling Houses or Gambling Devices.

Mayor Moerlein's statement:
I will not change policy, regardless of the action of the Council, I will not change my policy and I think I am doing right.

In this same copy:
Headlines:
"Burton files Gambling Charge, third time this year." According to Burton's information Granite City leads Madison County in the number of Hand Books in operation. Is this the same Mayor Moerlein that is running for mayor now?

Sincerely Yours,
FOREST L. RUTLEDGE,

THE PASTOR'S PEN
Editor "The Forum"
Granite City Press-Record
Granite City, Ill.

Dear Neighbor:

Lent is a good season to be spiritually refreshed. There is need to give a deeper emphasis to our spiritual wants. It is a time when we may view life from the mountain top. Our family is finding a deeper inspiration during this Lenten Season.

Do you carry a Burden? Is it a load or a Cross? Many folks tell us of the Crosses they are bearing. They complain about their weight. They find pain, worry and anxiety in them. Are these really Crosses. What is the Christian view of the Cross? There is a great difference between a Burden and a Cross. A Burden is really a load that lays heavy upon our shoulders and burdens our hearts. There are many burdens in life which are heavy. It may be the loss of a loved one for whom we sorrow. It may be the failures and the anxieties and disappointments of life. They may be the wrong thoughts that are in our minds. These may become burdens if we permit them. We carry these burdens unwillingly. These bring fears and frustrations. They bring doubt and despair. A Cross is of a different

entire nature. A Cross may be a burden . . . but it is a burden that we take on willingly. It is a load that becomes a lifting power in life. It is a load that God helps us to bear. It is a load that is filled with joy. The heavier it is the lighter it becomes. It is filled with faith and hope . . . assurance and trust . . . mercy and love . . . understanding and patience. It is any experience of life that was once unweilded . . . but now we bear it gladly because God is in the midst. Jesus bore a cross. It was a heavy burden . . . but it became a Cross when He said: "Not my will, but Thine be done." He bore the Cross gladly and with joy. This is the difference. Do you have a burden or has it become a Cross? May God help you make your load light and may it be filled with joy and peace. God bless you.

Rev. John N. DiGiacomo, D.D.

EXPRESS VIEWS ON U. S. AID TO PAROCHIAL SCHOOLS

When examining "Federal Aid to Education" look at past experiences. The government doesn't give, it merely redistributes money while setting in motion controls and expenses for administration.

Since we aid the Communists, Tito, and to assume Russia's United Nations debts, can we neglect aiding our children thru better education? If such aid is necessary for the development of better citizens and therefore a better country, should we limit our citizens & country development to attendance in public schools?

Parochial schools must meet the same educational standards demanded of public schools. The Lutheran, Catholic, Baptist and other religious schools endeavor to meet some of God's requirements by teaching, to the best of their ability, the knowledge of Him & His laws. Is aid to be denied for this reason?

America, do you not lose stature when you discriminate against race, creed or color?

Some say aid can be given; some say aid cannot be constitutionally given. There is no valid argument because the GI bill gave aid constitutionally. Furthermore, the Supreme Court has repeatedly ruled the govern-

State Capital NEWS

Franklin Rust, Illinois State Fair manager, said the opening day of the ten-day exposition, Aug. 11, will feature some of the best thoroughbred racers and jockeys in the nation, and quarter horse speedsters from top ropes. The traditional Children's Day activities are also planned for opening day, when children under 12 will be guests of Gov. Kerner to see the first running of jockey and quarter horse events.

Dr. L. L. Fatterree, director of the Illinois Department of Public Health, has warned physicians to watch for cases of adult chickenpox. Several cases, one fatal, have been reported recently. No cases had been reported since 1947 and a public complacency resulting in lower immunization levels has developed, he said. To guard against introduction of smallpox, Dr. Fatterree urges a high level of immunity in all age groups through revaccination every three years.

"Your deliberations affect the well-being of millions of our fellow citizens and of the entire economy of our state," Gov. Kerner said members of the Illinois Compensation Advisory Board. One of the most effective steps that can be taken to arrest the downward spiral of purchasing power is a substantial increase in the maximum weekly unemployment benefit, the governor said. He added that Illinois' \$32 maximum benefit is less than maximum benefits of 35 other states, including all but two of the industrial states. Gov. Kerner asked the advisory board for recommendations for changes in the unemployment compensation to be presented to the Legislature.

The women's program at the 1961 Illinois State Fair will feature higher premiums and many new classifications, according to Mrs. Wayne Archer, superintendent of the women's department. Prizes will be awarded for weaving and needlepoint and new classes have been added for forming, jacket dresses, woolen and cotton skirts, spawear, slacks, shorts, lounging wear and casuals. Home made soap, clothing made from cotton feed sacks

Telephone Damaged
A vandul pulled loose a pay telephone at 944 Niedringhaus avenue by cutting or tearing the wire at about 2:30 a.m. Sunday. Police were notified. The phone box was not removed.

Passes Away Suddenly
Mrs. Mary Thomas, 56, Glen Carbon, mother of Mrs. Kelly (Shirley) Dufko, of Madison, died suddenly at 2:30 p.m. Friday while visiting at a daughter's home in Edwardsville. Funeral services were held this morning at St. Cecilia's Catholic Church, Glen Carbon, with burial in the church cemetery.

Survivors include her husband, John Thomas, and a son, four daughters and two sisters.

Hit-Run Collision
A hit-and-run car damaged the left side of the parked auto of Earl Hudson, 2321 Edwards street, in front of his home at 8:35 p.m. Friday.

A CATHOLIC AMERICAN.

Hit-Run Accident
Harry Hornberger, 57, of 1632 East 23rd street, reported to Granite City police about 11:50 p.m. Thursday that the left side of his auto was damaged while it was parked near his home and was struck by a hit-run motorist driving a small foreign car east on East 23rd street. The hit-run driver was not located.

Vandalism At Store
Vandals removed rose bushes from racks at the Schermer Hardware store, 2330 Pontoon road, police discovered at 5:38 a.m. Saturday. The bushes were found lying alongside the roadway.

B.F. GOODRICH PUTS A GUARANTEE BETWEEN YOU AND ROAD HAZARDS!

New B.F. Goodrich guarantee gives full allowance for all unused tread on damaged tires—for as long as 3 years on some tires! Here's how the guarantee works: B.F. Goodrich, of course, stands behind the materials and workmanship of all its tires for the entire life of the tread. But there are normal driving hazards on the road that can damage any tire . . . no matter how well it's made. Suddenly, your car runs over a broken bottle, piece of sharp steel or rock. This could mean a cut, a rip or a break in the fabric that could damage your BFG tire beyond repair. Now you don't have to take a loss on that tire. Take it to any B.F. Goodrich dealer with your warranty certificate, issued at time of sale. He'll check the tire's tread wear and apply the value of the remaining tread against the cost of a replacement at current retail list prices. You pay only for the tread already used. To get all the facts in this nationwide, written guarantee now on all new BFG tires, see your B.F. Goodrich dealer. Depending on the type of tire purchased, the protection of this guarantee lasts from 12 to 36 months.

You can now buy B.F. Goodrich Guaranteed tires at BFG Dealers and Stores—coast-to-coast. They start as low as . . .

Symptom OF OBSOLETE WIRING

That blown fuse! It's not just a nuisance but a symptom—of household wiring that should be brought up to date with more circuits, more outlets. To eliminate plug-itis. To make TV sets, toasters, irons work at full efficiency. To upgrade the market value of your house. For that very reason, banks and savings associations like to give folks convenient terms on home wiring modernization loans.

Lions Map Final Plans For Egg Hunt, Pancake Brunch

The Madison Lions Club made final plans for the Easter egg hunt which will begin at noon April 1 at the Madison high school football grounds. Emmett Pazin, chairman of the committee, reported that eggs and candy have been purchased and arrangements are complete. Children up to 12 years of age are eligible for the hunt. The Lions also completed plans for a pancake brunch to be held from 7 a.m. to 1 p.m. Sunday at the Madison Recreation Center. Thirty members were present at the meeting.

About This Question

"Construction has begun on our new home. Already we are exposed to vandalism or theft of tools and building materials—destruction from fire or wind—liability for accidents on the premises. Does a Homeowners Policy cover all such risks and can it be taken out soon after construction starts?"

HEART OF NEW PLANT of the Royal Crown Cola Co. in Granite City is this filler machine (upper left) which can fill and cap 12-ounce cans with carbonated beverages at a rate of 600 to 700 a minute. A welder is shown at work during final installation of the equipment. In the foreground is a "rotary filler" which accepts filled cans when the line halts; this enables all to be completed once the filling process starts, avoiding loss of flavor.

SERVED BY RAILROAD LINE along the northern side of its building, the new Royal Crown Cola Co. plant receives caramel from the Union Star and Refining Co., liquid sugar from the Sugar Refining Co., Baltimore, and water in lines from the East St. Louis and Interurban Water Co. Raburn Phillips, manager, is shown at upper right checking the number of a 10,000-gallon tank car containing liquid sugar.

MILLIONS OF BEVERAGE CANS are to be filled each month at the local plant. The metal containers are shown (lower left) near the start of the assembly line after being removed from the "pallets" on which they arrived. The conveyor system converts this wide, slow-moving procession into a single line of cans moving at high speed.

STAINLESS STEEL TANKS containing syrup are a part of the equipment at the ultra-modern facility, newest Quad-City industry. Manager Phillips is shown at lower right inspecting one of the tanks. Manufactured at the plant, the assortment of ten soft drinks is canned in its final form, rather than being mixed later, as is done by some firms.

Speeding Ticket

Charles Nichols, 17, of Rural Route One, was issued an arrest ticket at 21st street and Edwardsville road Friday morning by Granite City police who charged him with speeding. He posted his driver's license as bond.

5 Local Youths To Be Drafted Wednesday

Five Quad-City area youths are to report Wednesday to the county selective service office in Edwardsville for armed forces induction and another nine youths are to report the same day for pre-induction physical examinations. County draft officials said April quotas have not yet been received.

Nurses' Week Being Observed In Area

Gov. Otto Kerner has proclaimed March 19-25 "Illinois Nurses' Week" and local nurses serving on committees are Mrs. Ada Thomas and Mrs. Ruth Johnson.

Sponsored by the Illinois Nurses Association, the celebration is designed to increase public understanding of the work of nurse researchers and to obtain public support for expanded nursing research. In a statement issued in conjunction with the observance, Mrs. Louise A. Meyer of Springfield, president of the Illinois Nurses Association, said what nursing needs most is detailed study of the kind of nursing appropriate to health problems of people of different ages, sex, economic and cultural background.

In Illinois, there are only six collegiate nursing schools offering the bachelor's degree in nursing, and DePaul University offers the only Master's program in nursing in the entire state, according to Mrs. Meyer, who also stated that the Illinois Nurses' Association has urged the University of Illinois to explore the possibility of developing a Master's program to provide the teachers and nurse researchers so urgently needed. The University was asked to do so, she stated, since a tax-supported institution has some responsibility to meet the state's health needs. While Illinois ranks third among the states in the number

of nursing schools and the total of students enrolled, it ranks 22nd in the number of under graduates in college-connected nursing programs.

Vandalism At Church

A vandal who entered the St. John Lutheran Church office, 201 St. Clair avenue, Friday night, cut a telephone wire and tampered with a thermostat, causing the furnace to operate continuously, police were informed at 1:33 p.m. Saturday. There was no sign of forced entry, and nothing was missing.

WHAT'S HAPPENED TO MASTOID OPERATIONS?

Twenty years ago Mastoiditis, an inflammation of the mastoid bone cells located behind the ears, was responsible for many operations which left unsightly scars. Now, a prescription for a few dollars worth of medication, if taken in time, makes an operation unnecessary.

But, any pain about the ear should receive immediate medical attention. You save sickness time and perhaps even your life when you consult a physician.

YOUR DOCTOR CAN PHONE US when you need a medicine. A great many people entrust us with their prescriptions. May we compound yours?

Groups Meet To Revive UF Community Services

A special committee of the United Fund met Thursday with a committee of the Central Trades and Labor Council in an effort to revive the AFL-CIO Community services program on a local level.

The program had been operated jointly by Alton, East St. Louis and Quad-Cities UF groups since March 1959.

The committee met with Berkey F. Waterson of New York City, a member of the Labor-Political Council of the United Communities Fund of America and Robert Gibson, state director of the committee's services.

Described as an "exploratory meeting," the session produced some recommendations to be presented next Thursday at the executive board meeting of the UF in an attempt to seek funds to operate a local agency.

The UF committee is composed of Harold Karundjeff, chairman; A. J. Mueller Jr. and Lenora J. Mueller. The labor committee is made up of Edwin Riecke, chairman; Gilbert M. Sykes and Ted Moran.

\$129 Million Paid To Metropolitan Insurers
D. L. Dente, manager of the Granite City Metropolitan Life Insurance Co., reports that the company's payments to policyholders and beneficiaries in Illinois last year amounted to \$129,129,019.

"On the basis of company-wide figures, about twice as much was paid to living policyholders as to beneficiaries of death claim payments," Dente said. Over the last five years payments to Illinois policyholders and beneficiaries have averaged about \$75,581,583.

Purse Found In Street
Returned Intact To Owner
A black handbag, found in the street at the intersection of North and Cleveland blvd. about 3:15 p.m. Friday was turned over to police by George C. Newman, Rural Route One.

The purse was claimed by the owner a short time later. She was Mrs. Anna Lee Beger, 227 Benton street, who said it apparently had fallen out of her car. Police said the purse contained over \$100.

PLANS COMPLETED FOR CLUB PROJECTS

Plans have been completed by the Nameoiki Women's club to hold their annual picnic on March 28 at 9:30 a.m. at the county court room on the second floor of the Madison county courthouse in Edwardsville, Ill.

Judge Michael Kinney will preside, and Mrs. Harold Stewart is in charge of the arrangements to attend.

Mrs. Russell Johnson has announced that plans for a Scholarship Fund luncheon and card party April 12 at the Big Top Bowl have been completed.

The club also is supporting a four-point Technical Assistance program for the American Indians. This will provide academic education, special training and on-the-job or on-the-job experience so that the Indians can become self-supporting and self-governing.

The club also has decided to support, through donations, the Latin American scholarship program of the General Federation of Women's Clubs. This has been set up to bring to the United States for higher education a select number of eligible young women. When given their training, they will return to their country better equipped to carry on the standard of living and the rate of literacy among their countrymen. This is part of the international program of the General Federation of Women's Clubs, which number 11,000,000 members in this country alone.
